There's gonna be a beatdown and a shakedown
Take it how you want it cuase its all going down
We've got the ego and you've got the time to waste

Will someone, anyone please come quickly
Cuase I just incidentally let this one slide just a little bit
to far
So with my words that mean murder
Your so knee deep and in need of some good advice

You've been dying for good reasons that you believe in
And we like to live to keep on dreaming

(Chorus)

I'm not one for common courtesy
But I'll happily oblige with your hypocrisy
Quote of the day "You stole my dream"
So don't take it personal but I never want to talk to you
again

(Pre-Chorus)

(Chorus)

Face down cause your down and out in this round

(Chorus)

So here's to compromise, you can't stop this now
