Putrified lifeless tissue  
Abomination starts to move  
Eyes open  
I'm alive

I died but still I can breath  
And still I can feel my corpse rotting in agony  
This pain is unbearable  
Inhumane suffering  
My death has made me a lunatic

Here I rot in my coffin  
In my own grave  
No light shines in this darkness

Maggots crawl all over me  
Under my skin they're eating flesh  
As I scream, as I decay  
Reek of rot is all I smell  
Vomiting will never end  
No one hears my screams

So morbid I am  
So insane I am  
So dark is my grave  
So blind are my eyes  
So black is my blood  
So strong is the pain  
For I am dead

Among the others  
Those who are halfeaten  
I hear their desperate screams  
I sense their pain  
And now I join them  
I join the horde of cursed  
Beneath the tombstones  
We howl as we rot
