Oh man if we can just become one
face the truth & tackle the problem
What you see is what you get
so tired of looking at it
We can stomp our feet in sequence
and yell out for existence
i'Cause racism is breaking us up
stop sweeping it under the rug

America's dirty little secret, America's dirty little secret
(x2)

Oh man how the ignorance divides
acting like animals, with closed minds
It's all great in make believe
broken truth and two faced policies
When seams get torn apart
they lose strength at the center of the heart
Created equal is what they said
discrimination is what some get

America's dirty little secret, America's dirty little secret
(x4)

If I march, will you march? If I fight, will you fight?
If I shout for what's right, will you stand by my side?
If I march, will you march? If I fight, will you fight?
If I shout for what's right, will you stand by my side?

No equality!
We're all under the same roof
shoulder to shoulder oh, me & you
Feel great about a melting pot
pull the sheets off the ones who are not

America's dirty little secret, America's dirty little secret
(x2)

If I march, will you march? If I fight, will you fight?
If I shout for what's right, will you stand by my side?

America's dirty little secret, America's dirty little secret
(x2)

Oppression, destruction, bigotry burning in the nation
Pathetic, anti-semitic, it's your dirty little secret
