We want a message, not misdirection
Some need an icon, one they can latch on
Better get some answers
Gotta get some answers
We're not their underachievers
And we don't play follow the leader

Got our backs against the wall
Got our backs against the wall
Got our backs against the wall
Got our backs against the wall

A generation calls, a generation calls
A generation calls, a generation calls

We need an anthem, some kind of anthem
We need an anthem, any kind of anthem
We need an anthem, some kind of anthem
We need an anthem, any kind of anthem

Better believe in something
Don't get stuck with nothing
It's time to realize
Listen up, our reality cries
Better get some answers
Gotta get some answers
Yelling out for a destination
For this X-generation

Got our backs against the wall
Got our backs against the wall
Got our backs against the wall
Got our backs against the wall

A generation calls, a generation calls
A generation calls, a generation calls

We need an anthem, some kind of anthem
We need an anthem, any kind of anthem
We need an anthem, some kind of anthem
We need an anthem, any kind of anthem
