I don't know the first thing about love  
Haven't really reach that chapter yet  
But it's about the little things that he does  
I'm about to fall no safety net  
Somebody catch me  
Losin my breath  
He's got a little spell worked up on me  
Baby I'm fallin  
(Your Name)don't call him  
They're telling me  
But there's

Something about him  
I don't know what it is  
I can't lie he's on my mind  
There's something about him  
I don't know what it is  
Somebody like him is hard to find  
He's like the star of my movie  
He just does something to me  
Can't explain it  
Can't contain it  
I don't know what it is  
There's something about him

Maybe cause he looks so innocent  
I just want to mess him up a bit  
They know that I'm all rapped up in it  
Even if I tried I couldn't quit  
Everyone's watchin  
Gotta use caution  
People want to chat so aimlessly  
Whenever we're talking  
I'm getting lost in everthing  
But there's

Something about him  
I don't know what it is  
I can't lie he's on my mind  
Something about him  
I don't know what it is

Somebody like him is hard to find  
He's like the star of my movie  
He just does something to me  
Can't explain it  
Can't contain it  
I don't know what it is  
There's something about him

Let me tell you something quick about him  
All these other girls say there's something slick about  
him  
Why  
Cause his swags on 100 and climbing  
And he got me in this mic booth rhyming

Something about him  
I don't know what it is  
I can't lie he's on my mind  
There's something about him  
I don't know what it is  
Somebody like him is hard to find  
He's like the star of my movie  
He just does something to me  
Can't explain it  
Can't contain it  
I don't know what it is  
There's something about him

Something about him  
I don't know what it is  
I can't lie he's on my mind  
There's something about him  
I don't know what it is  
Somebody like him is hard to find  
He's like the star of my movie  
He just does something to me  
Can't explain it  
Can't contain it  
I don't know what it is  
There's something about him
