Yeah the snapshot must have been taken,
Back in 1922
But it's scary how the faces,
Look so much like me and you
Maybe there are some things in this life we just keep
goin through
Did it again

Sometimes when we're talkin,
You've heard it all before
Maybe we're just echoes in this life and nothin more
Makes me wonder why we make the same mistakes,
And slam the doors
Did it again

Even after forever I still love you
Even after tomorrow's yesterday
Even if you never ever
Hold me close again
Somethings even the winds of time
Just can't blow away
Love never fades

I'm watchin some old Humphrey Bogart flick
In the middle of the night
When suddenly i smell the popcorn
And I see the billboard lights
Ah, but that could be cause all of this
Came long before my life
But maybe I'm wrong

There are things the lawyers and the preachers
Still cannot explain
Ah, they don't even know what to call it
If it even has a name
Well they say there's no such thing as magic
Isn't that a shame
Well, maybe they're wrong

Even after forever I still love you
Even after tomorrow's yesterday
Even if you never ever

Hold me close again
Some things even the winds of time
Just can't blow away
Love never fades
Ahh, love never fades
