If I knew I could count on you
I would love you my whole life through
There is nothing that I would not do
If I knew I could count on you

I've been lonely for a long time
I've been looking everywhere
I need someone to believe in
I need someone that will care

And if I see that your love is true
I will gladly put my faith in you
There is nothing I would rather do
If I see that your love is true

I've been searching for a true love
I've been looking high and low

I've got all this love inside me
And it's good, nowhere to go

If I knew I could count on you
I would love you my whole life through
There is nothing that I would not do
If I knew I could count on you

And if I see that your love is true
I will gladly put my faith in you
There is nothing I would rather do
If I see that your love is true

If I knew I could count on you
I would love you my whole life through
There is nothing that I would not do
If I knew I could count on you
