If I give my love to you girl, will I get love in return?
Or will I just get a fire, for as long as it will burn
I'm not looking for a lover, I don't even want a friend
I want this to last forever, and forever never ends

Don't tell me lies or hypnotize me with your eyes
While saying that you need me
If this is just a one night stand, I'd rather turn around
and walk away
Don't hold me in your arms and run your fingers
through my hair
If you don't love me
If this is just a game, well honey I don't think I really
care to play

I've trusted you before, babe and you always let me
down
I came back to you believing, I was more than just a
clown

You say it will be different, this time your love is real
Honey don't make me believe you, if that ain't the way
you feel

Don't tell me lies or hypnotize me with your eyes
While saying that you need me
If this is just a one night stand, I'd rather turn around
and walk away
Don't hold me in your arms and run your fingers
through my hair
If you don't love me
If this is just a game, well honey I don't think I really
care to play

Don't tell me lies or hypnotize me with your eyes
While saying that you need me
If this is just a one night stand, I'd rather turn around
and walk away
Don't hold me in your arms and run your fingers
through my hair
If you don't love me
