I'm gonna hurt her on the radio  
She's gonna hear me everywhere she goes  
I'll get to her the only way I know  
I'm gonna hurt her on the radio

Take these pieces of my broken heart  
And watch 'em climb the country music chart  
She's gonna pay me back in royalties  
For bringing me down to my knees

I'm gonna hurt her on the radio  
She's gonna hear me everywhere she goes  
I'll get to her the only way I know  
I'm gonna hurt her on the radio

I'll tell the world the way she done me wrong  
And make a million while she sings along  
She thinks she's heard the last of my love songs  
But she won't feel that way for long

I'm gonna hurt her on the radio  
She's gonna hear me everywhere she goes  
She's gonna feel it deep inside her soul  
I'm gonna hurt her on the radio

I'm gonna hurt her on the radio  
I'm gonna get to her in stereo  
She's gonna feel it deep inside her soul  
I'm gonna hurt her on the radio

I'm gonna hurt her on the radio  
I'm gonna get to her in stereo  
She's gonna feel it deep inside her soul  
I'm gonna hurt her on the radio

I'm gonna hurt her on the radio
