Aside from dying, there is nothing I want more than
seeing
Living dolls just perish in the flames I have forth
Because they stalk me in my dreams my real life just
can't be ignored
Just smile as I turn a deaf ear to you endless flow of
words.
Your idle screams bring you nothing but doubt
I feel it tearing from the inside out
An awkward silence as you open your mouth
I feel it tearing from the inside out

I cross my fingers, hope the wicked children go away
I said "from hell they came" they're evil puppet people
baby!
It seems no hope for me this nightmare that you
brought to me
I said "from hell they came" they're evil puppet people
baby!

No point in fighting when I know there's no escaping
This my fate was sealed the day you turned and left
me on my knees
You know I need a little time to realize the
consequences of my actions,
Your reactions, and the lies you fed to me.
Your idle screams bring you nothing but doubt
I feel it tearing from the inside out
An awkward silence as you open your mouth
I feel it tearing from the inside out

I cross my fingers, hope the wicked children go away
I said "from hell they came" they're evil puppet people
baby!
It seems no hope for me this nightmare that you
brought to me
I said "from hell they came" they're evil puppet people
baby!

I cross my fingers, hope the wicked children go away
I said "from hell they came" they're evil puppet people

baby!
It seems no hope for me this nightmare that you
brought to me
I said "from hell they came" they're evil puppet people
baby!

Wipe that fucking smile off
