It's the dawn of the dead  
I think you heard me right  
Evil corpses rising from the grave  
The dead will walk tonight  
They're gonna want your bones  
They're gonna want your skulls  
They're gonna want everything you've got  
Are you willing to give it up?  
It's all the same

It's the dawn of the dead (x3)

The forces of evil marched on  
Goes like this!

But it was not over yet!

It's the dawn of the dead  
I think you heard me right  
Evil corpses rising from the grave  
The dead will walk tonight  
They're gonna want your bones  
They're gonna want your skulls  
They're gonna want everything you've got  
Are you willing to give it up?  
It's all the same

It's the dawn of the dead (x3)

For one last time they rock
