Over a decade now  
I've tried to track you down  
Investigated every  
Corner of this town  
But I know where you've been  
Since I last saw you then  
So, tell me is it comfortable  
Under my skin?  
I think you've been here before  
In fact I'm pretty sure  
I see your face in every  
One of these metaphors  
I could dust for fingerprints  
Follow these leads and hints  
But it's pointless - I know  
Just where my heart went

Away with you  
I just can't seem to do  
Away with you

Surprise, I lost my cool  
For something beautiful  
You left my heartache  
Floating face down in the pool  
When you fled the murder scene  
You took a piece of me  
So I just couldn't help  
But crash your search party  
Because I want you back  
Corroborate the facts  
That everything you have  
Is everything I lack  
So during sentencing  
I hope you mention me  
And when you make your plea  
Plea that they send me

Away with you  
Lock me  
Away with you

Your words make a life sentence  
Regardless of our innocence  
So cuff me and tuck me  
Cuff me and tuck me

Away with you  
Away with you  
Away with you  
Away with you
