If you're waiting for your wings but you just got legs
And you're feeding all your chickens but they won't lay
eggs

When you open up your drawers and see your janky
clothes

Just remember life's in love with you but let's suppose
That God ain't gonna drop you no hundred dollar bill
You're got to question your intentions
'Cause the bad ones kill

Everybody wants the same thing
Everybody wants the same thing
No trading places on the chain gang
It doesn't matter how you swing it
Everybody wants the same thing

When your exit sign is coming could be 'round any
bend
Now did you live your life proper did you just pretend
That you knew what you were talking about
Which side was your fence
When the hammer comes down it never makes no
sense
Chaos is not a virtue, paranoia loads the bases
Just imagine giant rivers overflowing with their faces

Everybody wants the same thing
Everybody wants the same thing
No trading places on the chain gang
It doesn't matter how you swing it
Everybody wants the same thing

What is it that you want?
What is it that you give?
Where do you plan on finding it?
How do you want to live?

What is it that you want?
What is it that you give?
Where do you plan on finding it?
How do you want to live?

What is it that you want?
What is it that you give?
Where do you plan on finding it?
How do you want to live?

Love is what I want
Love is what I give
Right here's where I'm finding it
That's how I'm gonna live

Love is what I want
Love is what I give
Right here's where I'm finding it
That's how I'm gonna live

Love is what I want
Love is what I give
Right here's where I'm finding it
That's how I'm gonna live

Everybody wants the same thing
Everybody wants the same thing
No trading places on the chain gang
It doesn't matter how you swing it
Everybody wants the same thing
