Some people such awful things
Don't understand that simple people
She don't need those diamond rings
Even though they look so tasteful
Sleazy parties, so important, single fortune, high class
apartments
Wanted to..Woohoo..cause she feel so good
It's not a threat to nobody, in fact the people they
should

CHORUS:

Ooo..don't you give me them blues
God made you a couple of dancing shoes
But I would rather say Ooo Who Who Ooo Who Who Ooo
Ooo..don't you give me them blues
God loves me cause of my dancing shoes
Let me hear you go Ooo Who Who Ooo Who Who Ooo

When you talk sweet things in my ears
I get so hot inside
A girl model never distances with tears
But tries to run for miles, and I feel those
Mixed emotions, in your heart, guilty feelings that fall
apart
Wanted to..Woohoo..lovin' left to lose
And it ain't a threat to nobody and don't try to give me
them blues

(Repeat Chorus 7x)
