I had a feeling you were out there
I hear your heart inside my arm
I feel magic in your heartbeat
Whoa....Whoa
Sand castles at the summer share
Got addicted to all your charms
Lame peanuts on the spreadsheet
Whoa....Whoa
Fantasy is like a ocean
Imagination is just a game
Deep as water sold emotion
Wish them wolves one and the same

Well we can't wait forever,
But we might as well make it forever right now
All the tiny sunny weather,
For the moment if we fake it as forever right now
Forever right now is the best that I can do
And forever right now sounds great when I'm sitting
with you

Make love to me every day
When the morning sunshines on your face
Ice cream for breakfast
Whoa....Whoa
I can take you down any old way
We could do real slow or a real fast pace
Ain't keeping no checklist
Whoa....Whoa
Lovers always fall like a jungle
Jealousy shoots like a gun
We're not asking for a tickle
Pull the trigger just for fun

Well we can't wait forever,
But we might as well make it forever right now
All the tiny sunny weather,
For the moment if we fake it as forever right now
Forever right now is the best that I can do
And forever right now sounds great when I'm sitting
with you

Well we can't wait forever,
But we might as well make it forever right now
All the tiny sunny weather,
For the moment if we fake it as forever right now
Forever right now is the best that I can do
And forever right now sounds great when I'm sitting
with you
