Hair baby gets down when she's all grown up
She's actin' like her mama won't let her out
I'm askin' you to help me find a way
Seems hard but it's impossible for hair baby

[CHORUS:]

I've seen the devil and it looks like that (shake it off, shake it off)
It's in the house; get on your phone (for the love)
You got the trouble where your family tight
You was thinkin' you was all alone (get it off)
Get it off before you burst your buttons now

Chair maybe don't lounge when she's all turned out
She's mendin' up, the Sisters gonna fly her out
I'm askin' you to help me find her way
Big money but she's featuring cut hair baby

[CHORUS]

I've seen the devil and it looks like that (shake it off, shake it off)
It's in the house; get on your phone (for the love)
You got the trouble where your family tight
You was thinkin' you was all alone (get it off)
Get it off before you burst your buttons now

Whip it, burn it, shake it, run it
Little girl had let it all fall out, ooh
Bitch it, blow it, snatch it, grow it
Dye it, fly it, lay it to the south

[CHORUS]

I've seen the devil and it looks like that (shake it off, shake it off)
It's in the house; get on your phone (for the love)
You got the trouble where your family tight
You was thinkin' you was all alone (get it off)
Get it off before you burst your buttons now

Hair baby, hair baby
What you gonna do with it now, hair baby? (Get it off me)
[Repeat]
