You're digging deeper  
Love is a creeper  
I know the reaper  
On a first name basis

It ain't Stephen  
It isn't Adam  
I got some apples  
If you want them  
You can grab 'em

And what I really wanna do tonight  
Is toughen you up

Harder you get  
All in my sweat  
Never too wet  
To want it all

Beat my drum  
After you're done  
Can't have one  
You want them all

Hell is my heaven  
Loaded weapon  
Don't point that thing at me  
Unless you plan to shoot

My wheel is darker  
Than any color  
I'm not your baby  
And I'll never be your mother

And what I really wanna do tonight  
Is toughen you up

Harder you get  
All in my sweat  
Never too wet  
To want it all

Beat my drum  
After you're done  
Can't have one  
You want them all

You're sensitive to light  
We're conjuring the night  
You stand up with pride  
Attempting to walk

You won't escape the lies  
Of what's become your life  
Stop crying like a child  
You've got what you want

You've got what you want

And what I really wanna do tonight  
Is toughen you up

Harder you get  
All in my sweat  
Never too wet  
To want it all

Beat my drum  
After you're done  
Can't have one  
You want them all
