Can't explain all the feelings that your making me feel
My hearts in overdrive and your behind the steering
wheel

Touching you, touching me
Touching you god your touching me

I believe in a thing called love
Just listen to the rythem of me heart
There's a chance we can make it now
Well be rocking till the sun goes down
I belive in a thing called love
Ooh!

I wanna kiss you every minute, every hour, every day
You got me in a spin but everything is a.o.k!

Touching you, touching me
Touching you god your touching me

I believe in a thing called love
Just listen to the rythem of me heart
There's a chance we can make it now
Well be rocking till the sun goes down
I belive in a thing called love
Ooh, guitar

Touching you, touching me
Touching you god your touching me

I believe in a thing called love
Just listen to the rythem of me heart
There's a chance we can make it now
Well be rocking till the sun goes down
I belive in a thing called love
Ooh!
