I said I don't need a fancy lover  
I had enough to do with them  
But I could really use another  
That could be more than just a friend  
You possess a really sexy body  
Run through my mind most every day  
But before we get too close too fast  
I got more to say

I don't need nobody  
Got me playing all them games  
I don't wanna see prescription drugs  
Where the label's got your name  
But I call you on the telephone  
And you're telling me you're all alone  
Who's that I hear talking to you?  
It ain't just a television,  
Now you've got to make decisions

#### CHORUS:

I'm available for you  
If you promise you're available for me to  
Do just what I want to do to you  
'Cause I'm available for you

I heard that the revolution's over  
I think a new one's just begun  
With the notion we could infiltrate  
Undercover, that would be lots of fun  
You know just how to drive me crazy  
It's so hard to put up a fight  
But if I'm begging for affection  
I'd rather take cold showers every night

I'm not gonna to chase you  
As if you just robbed a bank  
If you ever get arrested for your petty crimes  
You're gonna have me to thank  
Because the money's just-a-paper  
But the paper cut you good  
If you have to advertise

You may show advances  
But you're ruining your chances

(Repeat Chorus 5x)
