Whoop Whoop (x6)

do it now

Whoop Whoop (x4)

I was a young girl
Knew next to nothing
Livin' in the suburbs
And my heart was lustin'
for a new way
and a new sound
crawled up all my hangups to the underground

i had a breakthrough
i had to shake you
it couldn't come through
to see my point of view
i had a breakthrough
it was my debut
it did offend you,
well it means something to me

night life
beneath the surface
night life
some say it's worthless
high life
it's a state of being
inside
it's a song your singing
night life
if there's no spirit
night life
then don't go near it
night life
to have it over
inside
you can find your life in the night life

Whoop Whoop (x4)

if you are feeling
like you don't have nothing
like the pressure in a cooker
with your head in the oven
there's a new way
so come on down
life in limbo will be over
when you're underground

you need a breakthrough
you need to make do
you need to come to
a brand new point of view
you need to breakthrough
and then get wise to
all that is taboo
then you'll be something to see
night life
beneath the surface
night life
some say it's worthless
high life
it's a state of being
inside
it's a song your singing
night life
it's a heart you're racing
night life
it's a videotasing
it's a catch you're making
inside
you can find your life in the night life
it's beneath the surface
some say it's worthless
it's a look you're seeing
it's a rush you're feeling
it can break your spirit
if you love that feeling
it's your back it's breaking
are you ready for the
night life
night life (x2)

high life
low life
inside

night life (x3)

high life
low life

inside

find your way to the high in the night life
you can find your life in the night life
