Get on down, oh yeah, oh yeah, oh yeah, oh ye - e
eah...
Baby get on down, get down, get down, get down, get
down, get down...
Hey hey - yeah! Gotta get down...
Oh yeah, oh yeah, oh yeah, oh ye -e eah...

Let's get down tonight, cmon! (I wanna get down...)
Let's get down tonight, cmon! (Gotta get on down...)

Cool, like the gang we hang, JT Playaz' ready to swing.
The bounce announce, the funk moves the crowd.
If you with it let me hear it, if you with it... No doubt
We hitting, tell me who be the crew?
Who be the crowd rockers comin' on through?
Jay be with the JTs Vibe from the Eighties.
You know how it goes, celebration babee.
The badder the brother, the badder the butter be,
The cool MC with the G-A-N-G,
And we doing it like some kind o sneaker
YO JT! Bring the funk straight through the speakers,
Yeah!

Let's get down tonight, cmon! (All night... I wanna get
down...)
Let's get down tonight, cmon! (Gotta get on down...)

Now party people who got the bounce?
Wave them hands if you like the sounds
Of the flash - back - track with the new style rap,
If they're not in the air then they needs to clap.
For the jeeps, the rides, the clubs,
The vibes on the love - love trip everybody's inside
Just sweating, pounding, bump and grinding
To the new sound, if they drop, bring 'em round and
Dance! Until they drop once more.
Feel that heat. Fire on the dancefloor.
No water tho', we gonna let it burn.
Funk school 101 listen and learn.

Let's get down tonight, cmon! (I wanna get down... all

night...)

Let's get down tonight, cmon! (Oh yeah, oh yeah, oh
yeah, oh ye -e eah...)

Let's get down tonight, cmon! (I wanna get down... oh
yeah...)

Let's get down tonight, cmon! (Gotta get on down...)

All night Get down, get down, get down...

Now can ya feel it? Phat Ass bases,
Smiles on faces, no empty spaces.
The place is ram, the mic in hand - DAMN!
It be the JT rocking the land.
Come on give me what you got, never gonna stop.
Because we keeping with the style
That's gonna make the body rock.
You got the good stuff, baby come on, bring it on,
Come on. All the party people sing the song.
To the left, to the right, then shake your body down.
To the left, to the right, Then bounce (Bounce)
