*... ITALIAN?... , you know what time it is, there's been a prophecy,
There's been an anointing.
There's been words spoken and hands laid on, hell has falled you,
Hell has told you to give up, hell has said it's never gonna happen,
But the Holy Ghost sent me tonight to tell you it's your time...

It's your time, but now it's my time, it's your time, but now it's my time
Shout it in your living room, shout it in your bedroom,
Shout it on the job, it's my time, it's my time
And it's your time, you feel that, you feel that?
You know what time it is, you know what time it is,
You know what time it is, it's your time

**It's your time
Shout it in your bedroom, it's my time
It's your time
Shout it on the job, it's my time, it's my time
It's your time, but now it's my time
Everybody shout it's my time
Shout it in your living room, shout it in your bedroom
Shout it on the job, it's my time, it's my time

*Repeat

**Repeat

Devil, you had your time, you had your heavy day, you had your attack

Shout it in your bedroom, shout it on the job
It's your time, it's your time, it's your time, it's your time
It's your time, but now it's my time
It's your time, but now it's my time
Shout it in your living room, shout it in your bedroom,
Shout it on the job, it's my time, it's my time

**Repeat

It's your time...
