I drew sunshine in New Mexico,
That old bull sure likes to rodeo.
We got along in spite his size,
He steered my right towards the prize.

I'm just along for the ride,
Hangin' on, well that's my style.
I catch a breeze where it blows,
Another town just down the road.

A tumbleweed ain't got no roots,
I got rumblin' in my boots.
Lady luck I'll let you drive,
I'm just along for the ride.

I had some cash that needed spendin',
But in Las Vegas I kept winnin'.
Two of a kind, no that ain't very much,
But my two kings were just enough.

I let go of that hotel room,
The checkout time is 12 noon.
From the Cadillac I heard her say,
'Where are you headin' today?'

Well, I'm just along for the ride,
Hangin' on, well that's my style.
Catch a breeze where it goes,
Another town just down the road.

A tumbleweed ain't got no roots,
I've got rumblin' in my boots.
Lady luck I'll let you drive,
I'm just along for the ride.

Lady luck I'll let you drive,
I'm just along for the ride.
