"Trying Not To Love You"

Tryin' not to love you, failing in every way
With you around, I keep losin' around day by day
Tryin' to be fair, both to me and to you
Tryin' not to love you is hard to do

I guess there's no use hiding
What everybody knows
'Cause to other eyes there's no disguise
The love that shows

If I'm not bein' clear, I'll explain these words to you
Tryin' not to love you is hard to do

I guess there's no use hiding
What everybody knows
'Cause to other eyes there's no disguise
The love that shows

If I'm not bein' clear, I'll explain these words to you
Tryin' not to love you is hard to do
Yeah, tryin' not to love you is hard to do
