Looking out across the field is the old highway  
Here comes a Ford, there goes a Chevrolet  
Well, I got my heart set on seeing her Cadillac  
Yeah, I'm sittin' here watchin' my baby not coming back

I put a million miles on this rocking chair of mine  
Going back and forth over everything in my mind  
Well I said this when I should have been sayin' that  
Now I'm sittin' here watchin' my baby not coming back

Well I've got every single thing, I should've said  
memorized  
For the minute that car of hers pulls up the drive  
But the longer she's gone the more I realize  
All that's headin' my way is  
A broken heart, a tractor trailer and a foreign car

I've got every single thing, I should've said memorized  
For the minute that car of hers pulls up the drive  
But the longer she's gone, the more I realize  
All that's headin' my way is  
A broken heart, a tractor trailer and a foreign car

I'm watching everything that comes around the curve  
Sittin' here wishin' that I'd gone after her  
But at that time I was much too proud for that  
Now I'm sittin' here watchin' my baby not coming back

Yeah, I'm sittin' here watchin' my baby not coming back  
Oh, sittin' here watchin' my baby not coming back
