Have you ever seen the morning?
When the sun comes up the shore
And the silence teach the beauty for the sound
Have you ever sat there waiting?
For the time to stand still
For all the worlds and stars
From turning around
And you run
'Cause life is too short
And you run
'Cause life is too short
Have you ever seen the glory?
When the moon is on the rise
And the dreams are close
To the ones that we love
Have you ever sat there waiting?
For heaven to give a sign
So we could find the place
Where angels come from
And you run (and you run)
'Cause life is too short
And you run (and you run)
'Cause life is too short
There's a time that turns
Turn back time
But I don't see I can
It only works
If you believe in the truth
But there's a time to live
And a time to cry
But if you're by my side
I will try to catch a star
I'll try to catch a star
Just for you
And I run
'Cause life is too short
And I run (and I run)
'Cause life is too short
And I run And I run And I run And I run And I run
