I closed my eyes, didn't want to see
Believed the lies you said to me
You played a game, I played along
But now I know I was not the only one

You treated me just like a fool
I was in love, you shake my soul
The way you touched, I never knew before
Can't lose you, no, don't close the door

I wanna feel you, I wanna touch you
I wanna feel you by my side

Love is, love is blind
Don't you know it's a state of mind
Love is, love is blind
Love is blind, baby

Didn't know 'bout your double life
But something told me I was right inside
Things you said, they felt so good
The act you played was oh so cute

But then I got behind your scene
I wanna go but I can't leave
The way you touched, I never knew before
Can't lose you, no, don't close the door

I wanna feel you, I wanna touch you
I wanna feel you by my side

Love is, love is blind
Don't you know it's a state of mind
Love is, love is blind
Love is blind, baby

Love is, love is blind
Love is, love is blind
Love is, love is blind
Love is, love is blind
Love is blind, baby

Love is, love is blind
Love is, love is blind...
