Face in the gutter eyes on the floor  
Knocked down twice can't take it no more  
You got no vision in your head  
You got no vision better dead

Get on your feet open the door  
Walk on down you know the score  
It's a dead-end street back to the wall  
You get it together you can get it all

The weak will fall the strong remain

No pain no gain (2x)

No time for losers you make the call  
Believe in yourself, stand tall

Another day it's in your hand  
You can be the winner in the end

The weak will fall the strong remain

No pain no gain (4x)

Keep running don't look back  
Keep moving paint it black  
Keep going don't ever stop  
There's time to rest the day you'll drop

You roll the dice you play the game  
The weak will fall the strong remain

No pain no gain
