Oh, you turn me on
I've been the biggest fan of yours
Ah, ah there's something more
So much more baby
Ah, I can't be cool
It's getting stronger every day
Ah hah, pictures of you
I cut them out, baby

You've been the front page girl on the magazine
Could be the white rolls royce in the rain
You've been the front page girl on the magazine
Could be the white rolls royce in the rain
I can't get enough
Your heart and body drives me mad
Oh yeah it's like a drug
Suspender love, baby

You've been the front page girl on the magazine
Could be the white rolls royce in the rain
You've been the long faced girl on the magazine
Could be the white rolls royce in the rain
Ah, ah, oh yeah
Ah, ha, ah, ha, ha
Oh baby yeah
