Two ways to go and I'm in the middle.
She's give and take a little
Cause no one's ever got it all.
In the back of my head
The issue that presses
More than the low cut dresses
Is the way she's always in between.
What is for real and what is just a dream?

She lives in a dream world;
Nothing is real, oh.
Life is so much better than this.
She may be a dream girl,
Wanted the whole world,
But she fades with every kiss.

She'll break a date and never regret it.
She likes to live on credit,
Cause her money's always somewhere else.
She wants to drive the Indy 5 Speedway,
Now she's the star in Gypsy.
I just stand and sigh.
Maybe she'll hear right after she joins the FBI.

She lives in a dream world;
Nothing is real, oh.
Life is so much better than this.
She may be a dream girl,
Wanted the whole world,
But she fades with every kiss.

I wouldn't change a single thing about her
Except the way she always changes her mind.
The more I try to get to know her
She's harder to find.

She lives in a dream world
Nothing is real, oh.
Life is so much better than this.
She may be a dream girl,
Wanted the whole world,
But she fades with every kiss.

She lives in a dream world
Nothing is real, oh.
Life is so much better than this.
She may be a dream girl,
Wanted the whole world,
But she fades with every kiss.

She fades with every kiss
She fades with every kiss
She fades with every kiss
She fades with every kiss
She fades with every kiss
She fades with every kiss
