Freedom from pain is a thing to be sought
That only exists in the mind.
I try so hard to make life what it's not
Pretending it's easy to find.

The sky is forever, the fields are wide
We'll spend an hour or two.
All that it takes is the look in your eyes
I'm lost in a meadow with you.
Lost in a meadow with you.

I caught you often we're treading through life
Drowning each day in despair
But I know a place where each moment in time
Resembles a lock of your hair.

The sky is forever, the fields are wide
We'll spend an hour or two.
All that it takes is the look in your eyes
I'm lost in a meadow with you.
Lost in a meadow with you.

Oh, the sky is forever, the fields are wide
We'll spend an hour or two.
All that it takes is the look in your eyes
I'm lost in a meadow with you.
Lost in a meadow with you.

We can search forever and never find
What we're chasing after is a better life
We can search forever and never find
Yeah, what we're chasing after is a better life.

Oh, I'm lost in a meadow with you.
Oh, the sky is forever, the fields are wide with you.
