oh, my inbox is empty  
no message for me.  
I think I am finally beginning to see  
the traces of something  
that went on unknown.  
I was too busy  
with thoughts of my own.

Thought I had control of my life  
I woke up to find I'd crossed a line.  
Who am I to sit and wonder?  
Wonder why I'm goin under...  
It's not right to say that all of this  
could happen to somebody else,  
when I don't even know myself.

Silence is golden  
I've heard them say.  
But how does something golden  
cause so much pain?  
I can't get over  
the way my heart lies,  
I'm in too deep to rationalize.

Thought I had control of my life  
I woke up too find I'd crossed a line  
Who am I to sit and wonder? oh, oh  
Wonder why I'm goin under...  
It's not right to say that all of this  
could happen to somebody else,  
when I don't even know myself.

oh, I'm a million miles across the border  
of what I feared all along.  
It can take a while to get a life in order.  
Will you realize the only thing  
you've ever loved is gone?

I wonder why I'm goin under na na na na  
It's not right to say that all this  
could happen to somebody else,

when I don't even know myself.  
Who am I to sit and wonder (I don't even know myself)  
Wonder why I'm goin under... woah  
I can try to say that all this  
could happen to somebody else,  
but I don't even know myself

I don't even know myself
