"Too Many Gittars"

Saw a bum on the corner
Gittar on his knee
Said he'd play for his dinner
But I'll be damned, he played better than me
Too many gittars - too many for me
All those gittars baby - why can't they let me be

Too many gittars - too many gittars
Too many gittars - too many for me
All those gittars baby - why can't they let me be

I heard the baddest gittar on
The radio
Well that guy played 'bout the same as me
But then they said he's only 5 years old
Too many gittars - too many for me
All those gittars baby - why can't they let me be
