Yeah this life
Has its reasons
For the hurt,
And the pain we deal with.
But I'm finding heartbreak's the hardest thing to
digest.

So I died
In a car crash
Called love,
And you're riding shotgun,
And I saw the headlights a mile from here.
As life leaves my body,
Your loss was all that I feared.

And I can't find the words to say
To make my thoughts just go away
And as I lie awake and pray,
She Cries.
And I can't find the words to say
To make your thoughts just go away
And as I lie awake and pray,
I try.
But still she cries.

Now we smile
At the mistake,
And we laugh
At the way we handled it.
Cause sometimes it's funny
The way we react,
Cause we're so in love
And nothing will change that.

And I can't find the words to say
To make my thoughts just go away
And as I lie awake and pray,
She Cries.
And I can't find the words to say
To make your thoughts just go away
And as I lie awake and pray,
I try.

But still she cries.

Is this what you wanted?

Fine.

I apologize.

Now that you're leaving,

I've stopped believing.

Run with me baby tonight,

One last time

And I can't find the words to say

To make my thoughts just go away

And as I lie awake and pray,

She Cries.

And I can't find the words to say

To make my thoughts just go away

And as I lie awake and pray,

She Cries.

And I can't find the words to say

To make your thoughts just go away

And as I lie awake and pray,

I try.

But still she cries
