It's been a rough year
And you're getting the feeling
You're stuck here for now
You've been through it all
And you managed to walk out
With bruises on you inside and out

[CHORUS]

Nothing goes how you wish it'd go
Nothing follows your plan exactly
You'll never know all you want to know
But keep on
Nothing goes how you wish it'd go
Nothing follows your plan exactly
You'll never know all you want to know
But keep on

And it's a strange thing
When you sit back and watch
Your life changing shape
You're just guessing
You've darkened in circles
To questions you can't escape

[CHORUS]

You bet it's done
But don't get up to leave
'Til the credits run to dark

[CHORUS]

Keep on
How you wish it'd go
How you wish it'd go
Nothing goes how you wish it'd go
Keep on
Nothing follows your plan exactly
Nothing follows your
Nothing follows your
You never do all you wanna do

Keep on
You never be where you want exactly
You never be where you want exactly
Nothing goes how you wish it'd go
Keep on
Nothing follows your plan exactly
Nothing follows your
Nothing follows your
