Is this for real?
Is this for real or am I mistaken?
There seems no choice in it.
Even before I got my scent I was ready and ready and
ready and ready.
I was ready to run away with someone.
And I was saw, and longing for more with your song,
with your song, with your song.
Reach out for a song.
Reach out for a song.
(It's not wrong. Hows it wrong? No-ones wrong. No-ones
wrong.)
You're the fire in Loins of men. Come now.
Come now.
Hey!
Sing that song
Reach out for a song
Hey Giricocola
Are you ready for it?
Are you ready for it?
It's not wasting time it's all in your mind.
Hold on now.
It's a sure shot that'll kill you.
