I sniff glue just like you
That's all I live to do
I always like to destroy my brain
Because I like the sense of pain

Glue sniff rot my brain
Glue sniff fucked my head
You fucked up your head
What about me?
Don't you know you might as well bag it?

Glue sniff
Glue sniff
Glue sniff - Feel the pain
Glue sniff - Rot your brain

Glue sniff rot my brain
I fucked up my head
What about me?
Don't you know you might as well bag it?

Glue sniff [repeat]
