(Oh my god, someone kill me.)  
Keep looking for some thing sweet,  
By the way your the one I need  
Tell me you got a place to go,  
I'm thinking your the one to know.

Not going, lets do it,  
Get it on we gotta make some magic.  
You walking, I'll look at,  
Get it on you gotta let me have it  
Uh-ha your give it all yet  
Nu-uh not stopping now

Take it easy, take it hard  
Feel my with for I am the dark  
Heads up but your pants are down,  
Had a girl but you came around

Not leaving, not talking  
Get it on you gotta nu-uh  
We're going, lets do it,  
Get it on we gotta make some magic

Uh-ha your give it all yet,  
Nu-uh not stopping now,  
Uh-ha i got my mindset,  
Nu-uh cause I know how

(chorus)

There are things I got, there are things you're not  
(repeat)

(chorus)
