"Solidarity"

We don't know what it's like to not be free
Like when you've lost your sight you cannot see
That's why one chance is nothing to lose
One chance for you to lose

Do you know what this song's about? It's just a love
story
About a people just trying to break out solidarity
But to us, it's just front page news
Yeah, to you, it's just news, to you

They try to look but all there is red -- It's a social state
Surrounded by the muscle heads to intimidate
But like a tree that's dead, it'll fall, though it's tall
It'll fall and that'll be all

Their backs against the knife -- The military
If they lose, how they will spend their lives in obscurity
It's just a love story

Will they die or are they dead?
With a hole through their heads

We don't know what it's like to not be free
Like when you've lost your sight you cannot see
That's why one chance is nothing to lose
One chance for you to lose

It's just a love story of solidarity [x2]
Solidarity [x7]
