Some things wrong but your not talking
Tell me now or I'll get walking out
some things wrong here
One hearts gonna stray

Some things wrong but your not listening
I can't help but feel I'm missing out
some things wrong here
One hearts gonna stray

Unforgiving love
It's just not enough
My unforgiving Love
It's just not enough

Patients wears me thin, I'm sinking
I can't guess at what your thinking next
some things wrong here
One hearts gonna stray

I can feel your hearts not in it
I don't want it to be finished yet
some things wrong here
One hearts gonna stray

(Chorus)

I just wanted to
Kick around with you
Spend the day with my best friend
Spend the day with you

But it doesn't get easier
No matter what they say
It doesn't get easier
To see her everyday

(Chorus)
