It all went by so slowly
Instead of going fast
I sat and counted every minute
Hoped it wouldn't last

Been so long since I (so long since I)
Felt this good inside (this good inside)
It just took so much time (took so much time)
To leave that mess behind

I feel unstoppable
I feel unstoppable
I'm never going back there
I've learned my lesson well
I said goodbye to all my sadness
Bid fare well to hell

Been so long since I (so long since I)
Felt this good inside (this good inside)
It just took so much time (took so much time)
To leave that mess behind

And didn't I hold my head up high, oh yea

I'm right back in the race now
And nothing will stop me this time I swear
I'm right back in the race now
And nothing will break me cause I don't care

I'm right back in the race now
And nothing will stop me this time I swear
I'm right back in the race now
And nothing will break me cause I don't care
I don't care

Been a long time coming
Happiness is mine
I worked so hard and now I want to
Conquer all this time

(Chorus)
