Here's to my mother, from her shrine I have crawled
I find my feet, I walk 3 steps then I fall
Don't try to save me mamma, don't kiss my wounded
knees
I won't go home now mamma, don't make a fool of me
You see, I'm the boogie-woogie king yes, yes

Take my hand, take my other hand
Take my hand, take my other hand
Take my hand, take my other hand
Take my hand

Boogie-woogie king from a mountain top is what I am
Boogie-woogie king from a mountain top is what I am

The people watch me ride this wicked mule from this
stall
Into the streets where a thousand eyes stare at all
What do you see now mamma, this wicked mule in me
Or do you a child trying to get'em gotta be?
See I'm the boogie-woogie king yes, yes

Take my hand, take my other hand
Take my hand, take my other hand
Take my hand, take my other hand
Take my hand

Boogie-woogie king from a mountain top is what I am,
yes
Boogie-woogie king from a mountain top is what I am
