When i said i was ok...i lied
When i said i'll be fine...i lied
when i said don't worry about me...you should have

i loved you more than anything.but you still smashed
my heart into pieces. you siad you loved me too. it's
obvious that you didn't. I thought we could last. But you
cut our show way too short. i'm ok. i'll be fine. Don't
worry about me.

When i said i was ok...i lied
When i said i'll be fine...i lied
when i said don't worry about me...you should have
When i said i loved you...it was the truth.
when you said it...you lied
