And the lights are flickering
And the sound is hammering
And the smell is nauseating
And the feeling's mutual
And the hate is lovingly
And the love is hating me
And the power's beautiful
And the envy's pitiful
And the sight is harrowing
And the fight is hard as hell
And the cold is numbing me
And the heat is hard to bear
And the drums are pounding
And the bass is rattling
And the guitar is powerful
And the keys are plentiful
And the vocals make no sense
And the vocals make no sense
And the lyrics are nonsense
And the lyrics are nonsense
AND THE LYRICS ARE NONSENSE
AND THE LYRICS ARE NONSENSE
AND THE LYRICS ARE NONSENSE
AND THE LYRICS ARE NONSENSE
FUCK!
