One day in August 1994
I got lost in the back of a truck
Eatin' a steak is like good luck but
Flyin' a pterodactyl is like your fuck

It's pretty crazy how everybody's comin' down with
gonzo rabies
Chocolate ideas too

In the times where the seconds pass slow
Neck's numb with reciprocation
Goddamn me cause I admit
The bible's a great work of science fiction

It's pretty crazy how everybody's comin' down with
gonzo rabies
Chocolate ideas too

Flies eat on the shit of the golden bathtub
King Midus touch raped me of my sanity
I can't eat and I can't even fuck
Gave myself a 14 carat dick

Flyin' a pterodactyl is like your fuck (x4)

It's pretty crazy how everybody's comin' down with
gonzo rabies
It's pretty crazy how everybody's comin' down with
mental scabies

Flyin' a pterodactyl through your truck
