Don't speak to me
Face to face
It's uncomfortable as always
My wires ache
My fingers twitch
And my voice cracks like glass
Forever behind
My translucent megatron
I feel at home

Don't stop by and say hi
Just leave me alone
Behind my screen
I'll sit at my home

Don't call my bluff
I know my greed
I put a lot of time into my screen
For it's my face
My state of mind
Even when I'm ugly and blind
Forever behind
Translucent megatrons
The world feels safe

Don't knock on my door
Just give me privacy
Behind my pale skin
I'm burning free
Don't call me or text
Let me be a wreck
I hate the world see
My room is my city

You're probably listening to this
Or reading this
Behind a translucent megatron of your own
So stay at home
Stay at home
Shun the world's brightness
And go back to bed
