Sitting in a mess unfounded distress  
Another day undone and nothings happening

Its 5 am again am I my only friend  
Confiscated sun and don't know where to run  
Its my only me standing in and lost at sea  
Looking for the light I'm looking hard  
And still ain't right

Closing my eyes not even through with  
Hating myself there's nothing else to do

Climbing up the walls hit it up until something falls  
Its hope's big day I'm tired and it's getting late  
Sick sad and tired gotta feel all the time  
Avoid what's best up for days and still can't rest

Sitting in a mess unfounded distress  
Another day undone and nothings happening

Wsating all your time posing as caring persons  
Feeling all is fine sometings always gone
