You are what I make you...dirty little whore
You are what I give you...nothing more
You are what I tell you...loved by no one
You are what I left you...worthless and impure

Nothing girl

Nothing girl you are my angel...nothing girl you are my
demon too
Nothing whore you are my angel...nothing whore you
are my demon too

You are what I let you...worthless insecure
You are what I left you...worthless and impure
I am what you feed me...purest of shit
You are what I need you...a failure that quits

Nothing girl

Nothing girl you are my angel...nothing girl you are my
demon too
Nothing whore you are my angel...nothing whore you
are my demon too

Nothing girl
Nothing girl

Nothing girl you are my angel...nothing girl you are my
demon too
Nothing whore you are my angel...nothing whore you
are my demon too
