Patti: What's going to happen?  
What does the future hold?  
So many things that I put off  
Assuming I'd have time, assuming I'd grow old  
What's going to happen?  
And will I be alive tomorrow?  
What's going to happen...to me?

Dr. Cox: You're going to be okay  
All: That's what's going to happen  
Everything's okay  
We're right here beside you  
We won't let you slip away  
Plan for tomorrow  
'Cause we swear to you  
You're going to be okay

Patti: I'm going to be okay  
All: That's what's going to happen  
Patti: Everything's okay  
All: Everything's okay  
We will never leave you  
Right here we will stay  
(Plan for tomorrow)  
Plan for tomorrow  
'Cause we swear to you  
You're going to be okay

J.D: We hope  
Dr. Cox: Shhhhh
