Patti: What's going to happen?
What does the future hold?
So many things that I put off
Assuming I'd have time, assuming I'd grow old
What's going to happen?
And will I be alive tomorrow?
What's going to happen...to me?

Dr. Cox: You're going to be okay
All: That's what's going to happen
Everything's okay
We're right here beside you
We won't let you slip away
Plan for tomorrow
'Cause we swear to you
You're going to be okay

Patti: I'm going to be okay
All: That's what's going to happen
Patti: Everything's okay
All: Everything's okay
We will never leave you
Right here we will stay
(Plan for tomorrow)
Plan for tomorrow
'Cause we swear to you
You're going to be okay

J.D: We hope
Dr. Cox: Shhhhh
